 - Pete discussed how he would resign from being president after this year. Pete would like to stay on speaking to groups and running the website. Pete is going to write the job description and has created several documents on jobs in the booster club. Marcie suggested that since the treasurer and the cashier are paid, Marcie would like the President and the concession manager to be paid as well. Pete would like to stay on as concession manager and would not like to be paid (he wants to donate his time for the club). Kristen Beech agreed that the position should be paid and that we need documentation. Amy Rizzio discussed the idea of Pete mentoring the new president for a while. The club agreed to wait to look for the president until the job description of the president comes out.
 - Pete discussed that Scott Jensen is resigning this year and we would need to fill his position. Kristin Beach mentioned that the Booster Club needs to find a volunteer at Oak Ridge.
 - Missing Photos - Kristen Beech and Robin have come up with a system where they package the photos and give the photos to the schools office to distribute. Kristin Beech and Aimee discussed that there will be a checklist for when the student picks up the pictures so the pictures won't go missing on our end.
 - Pete and Kim discussed that the school board is discussing some facility updates. The facility updates include:

 - building new tennis courts,
 - adding on to the performing arts area, and
 - creating an activities center.Kim discussed that these ideas will roll out in the next 5 to 7 years.

Sarah discussed the possibility of collecting money from cards with squares, and there are small fees associated with it. Pete discussed the idea that we could put a small committee together to look into the several options for taking credit card payments.
